### ***About ABII...***

*The American Board of Imaging Informatics was founded in 2007 by the Society for Imaging Informatics in Medicine (SIIM) and the American Registry of Radiologic Technologists (ARRT). An independent, non-profit organization, ABII's mission is to enhance patient care, professionalism, and competence in imaging informatics. ABII created and manages the Imaging Informatics Professional (IIP) certification program and awards the Certified Imaging Informatics Professional (CIIP) designation to qualified candidates. Currently, 541 individuals hold the CIIP designation.*
